

AgForce Grazing and Grains Reef Rescue Partnership presents:
HOW TO USE GPS ON YOUR PROPERTY

This workshop provides practical training in the use of a GPS (Global Positioning System) for producers.

GIN GIN – Tuesday 19th May
ROSEDALE – Wednesday 20th May
MIRIAM VALE – Thursday 21st May

How will this GPS workshop help me?

- GPS features to consider before purchasing a GPS
- Capturing location of property infrastructure, project sites, weed infestations and more
- Navigation and calculating areas and lengths
- Downloading GPS data into computer mapping software
- And much, much more...
- Plus receive a GPS Workbook and Pocket Guide (Garmin 60, 76 and Etrex models)

What the GPS workshop will cover?

Participants will become familiar with:

- How a GPS works
- GPS accuracies
- GPS and map coordinate systems
- What to look for in a GPS
- Setting up a GPS
- Capturing waypoints and tracks
- Navigation using GPS features
- Using a computer to manage GPS information

GPS units available for training day use or bring your own unit.

This workshop commences at 9:00am and finishes around 4:00pm. The workshop is restricted to 10 participants and is free of charge to landholders.

For more information or to register - contact Bree Robertson at AgForce on (07) 3238 6039, email bree.robertson@agforward.org.au

Please register asap to avoid disappointment.

This workshop is funded through the Australian Government 'Caring for our Country' Reef Rescue partnership. For more information about Reef Rescue Initiatives, contact your local Field Officers.
