Training Location: _____

What is covered in the training day ?

(delivered in the same format as the popular & effective AgForward GPS Essentials training day)

GPS Essentials provides practical training in the use of a GPS (Global Positioning System) for producers. You will learn about:

- An introduction to GPS
- Setting up a GPS correctly
- Understanding GPS accuracy
- Working with waypoints and tracks
- Measuring areas & distances
- Downloading and uploading information into a computer
- Other GPS features

Training day details

The training sessions runs for one day, from 8:45 am to approx 4:00 pm. Refreshments and lunch are provided.

What to bring

- If you have your own GPS – please bring this along (otherwise GPS units are available for use on the day).
- A hat, water bottle and comfortable walking shoes for the outside activities using a GPS.
- Reading glasses (if required) to view the GPS screen.

*Training day is fully funded through the **Grazing and Grains Reef Rescue Partnership** between industry organisations and Natural Resource Management Regional Groups in the Great Barrier Reef Catchment.*
